EDUCATION

Sri Eshwar College of Engineering	BE(CSE) CGPA:7.80	2023-2027
Meenampark Matriculation HigherSecondarySchool	HSC PERCENTAGE:88.3%	2022-2023
Meenampark Matriculation HigherSecondarySchool	SSLC PERCENTAGE:PASS	2020-2021

INTERNSHIP

MERN Stack Intern:

Gained knowledge on how to work on MongoDB, Express, ReactJS and NodeJS. It helped me to develop projects using MERN. This internship was offered by the Better Tomorrow Training Institute.

PROJECTS

Blood Donation System : Tech stack: MERN stack

[Github](#)

TheBlood DonationManagementSystem is a web-based platform thatconnects blood donors and recipients efficiently. It allows users to register, search for donors, and request blood in emergencies. Administrators can manage donor records and blood requests seamlessly. The system ensures a transparent and organized blood donation process to save lives.

Expense Tracker: Tech stack: MERN stack

[Github](#)

Designed and developed a responsive Expense Tracker web application to help users manage their daily expenses efficiently. The app supports full CRUD operations, allowing users to add, edit, view, and delete transactions. Key features include real-time balance updates, category-wise tracking, and monthly expense summaries. Built using HTML, CSS, JavaScript, Node.js, and MongoDB for complete full-stack functionality. The clean and intuitive UI ensures a smooth user experience across all devices.

Blog Application using Next.js

[Github](#)

Developed a full-featured Blog Application using Next.js, enabling users to create, edit, view, and delete blog posts. The app uses server-side rendering (SSR) for improved performance and SEO optimization. Integrated features include dynamic routing, markdown support, and a fully responsive design. Implemented user authentication and an admin dashboard for managing posts efficiently. The project is built with a clean, scalable architecture to ensure long-term maintainability and a smooth user experience.

COURSE COMPLETED

CProgramming Hackerrank	2024
Html,Css,Js Great learning Java Programming Basics to advance Udemy	2024
Mastering Data Structures & Algorithms using C and C++ Udemy	2024
Learn C,Python Codechef	2025

TECHNICAL SKILLS

Languages - C(Intermediate) | C++(Intermediate) | Python(Intermediate) | java(Intermediate)

Core Concepts - DSA | OOPS | DBMS

Web Technologies - HTML | CSS | JS

Other Tools - VScode | Git & GitHub

ACHIEVEMENTS

Attended a certified technical workshop at IIT Madras, gaining hands-on experience in core concepts and industry-relevant technologies.

Codechef -Solved 150+ problems | bronze medal **Hackerrank**-SilvermedalinC | Bronze medal in C++

LEETCODE: Solved 60+problems

SKILLRACK: Solved 300+problems
